# ARNOLD (JOEY) PARAGAS

With over 20 years of experience in graphic design, I maintain a passion for software development and technology. I am building a solid foundation in web development where my design skills and previous programming experience can come into great use. Always eager to learn new technology, different styles and methods to keep my creativity and imagination current in this dynamic industry.

## // WORK

2019 - Present  
Santa Ana, CA

### GRAPHIC AND WEB DESIGNER

**Financial Statement Services, Inc - FSSI-CA.com**

My primary role is a web designer but also design for print as well. Front end development projects consisted of various client portals (Angular) and emails, company custom internal and main public websites using WordPress, Bootstrap, and JS while all following ADA guidelines.

Designed various financial statements, logos and templates for company projects. Trained and used a spectrophotometer for color matching as all printing is done in-house in both Santa Ana and Texas branches.

2007 - 2019  
Irvine, CA

### COMMUNICATION COORDINATOR

**FirstService Residential - FSResidential.com**

Lead graphic designer at the corporate office. I design newsletters, magazines, fliers, brochures, logos, online social media content for 50+ unique communities each month year-round. Design various marketing projects for our corporate office to be used in California and other regional offices around the US.

2005 - 2007  
Laguna Beach, CA

### GRAPHIC DESIGNER / IT

**Prudential**

Projects consisted of magazine ads, websites, logo design, brochures, fliers, signage and other real estate marketing materials. Tasked to various IT help desk positions. Responsibilities consisted of troubleshooting various PCs, networking printers and other machines, software installation and complete re-installation of Windows OS.

2003 - 2005  
Fullerton, CA

### GRAPHIC DESIGNER

**Pacific Performance Engineering - PPEPower.com**

Created various marketing materials and advertisements for the company. Created ads to be placed in large publication magazines. Developed and maintained the company website. Lead photographer of products and exotic vehicles used for testing. Also supported various computer repairs and troubleshooting.

## // EDUCATION

2000 - 2005  
Fullerton, CA

### BACHELORS OF FINE ARTS & MINOR IN COMPUTER SCIENCE

**California State Fullerton University**

Graduated with a dual concentration in Graphic Design and Illustration while completing a Minor in Computer Science.

1997 - 2000  
Irvine, CA

### ASSOCIATES OF SCIENCE

**Irvine Valley College**

Completed the computer science program which consisted of data structures and programming languages from Visual Basic, C and C++.
